Subject: Re: South Dakota WQS

Hi Katelin, so sorry for the delay in responding. I've been dealing with a controversial issue related to approval of North Dakota's WQS, which will result in a delay in meeting the 60-day approval deadline.

Everything looks good. Thank you so much for your patience!

Hi Holly,

A quick follow-up to see if you have any edits before this is posted to the repository.

Thank you,
Katelin

Good morning Holly,

Thanks for confirming the accuracy of the state document. Attached are PDFs of the three chapters and a Word document mock-up of the changes to South Dakota's repository page. Please let me know if you have any edits before this is posted.

Best,
Katelin

Hi Katelin, sorry for the delayed response. Yes, I just went through the individual chapters to confirm that this is the updated link to SD's WQS revisions effective April 27, 2021.

Attached FYI is South Dakota's WQS with just the revisions made during this triennial review.

Thanks. Please feel free to call me if you have any questions.

Subject: South Dakota WQS

Hi Holly,

We recently received notification of EPA's 6/25/21 approval of South Dakota's revised WQS. It appears that the standards posted on the state site (URL below) include the recent approvals. Note that the links to the three individual chapters do not work, but the link to the compiled document appears updated.

<https://gcc02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsdlegislature.gov%2FRules%2FAdministrative%2F28396&data=04%7C01%7Cwirick.holiday%40epa.gov%7C964e699aed514e44500508d956cc096f%7C88b378b367484867acf976aacbeca6a7%7C0%7C0%7C637636258436244210%7CUnknown%7CTWFpbGZsb3d8eyJWlloiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IjEhaWwiLCJXVCi6Mn0%3D%7C2000&reserved=0>

Can you please confirm that this is the correct version of the standards to post on the state's repository page? With your confirmation, we will divide the document to three chapters (74:51:01, 74:51:02, 74:51:03) to match the current repository format.

Thanks,
Katelin

Subject: Action Taken on WQS Submission: SOUTH DAKOTA (submitted 4/27/21)

One or more actions were recently taken on the subject WQS submission. This submission can be viewed or updated by following the link below.

Submitter: SOUTH DAKOTA (Region 8)

Submitted: 4/27/21

Title: 2021 Triennial Review and Revisions to Administrative Rules of SD (ARSD) 74:51:01, 74:51:02 & 74:51:03 Surface Water Quality Standards

Submission Link:

<https://wata.epa.gov/wata/wata4/index.cfm?submid=11640>

Description: 2021 triennial revisions to ARSD 74:51:01 include:

- Updates to ammonia criteria
- Updates to toxic pollutant criteria
- Add recreational water quality criteria for two cyanotoxins: microcystins and cylindrospermopsin
- Modify approval procedure for water restoration and enhancement projects
- Modify the required information to obtain water quality certification
- Modify the public notice requirements for water quality certifications
- Update legal references and
- Editorial changes to tables.

2021 triennial revisions to ARSD 74:51:02 include:

- Remove lakes with duplicate names
- Add additional names for certain lakes and
- Add State lake identifier information for each lake.

2021 triennial revisions to ARSD 74:51:03 include:

- Add the immersion recreation use for a segment of the Fall River
- Correct typographical errors
- Correct legal locations and
- Update names of certain streams.

Submission Parts and Status:

** Approval of WQS Subject to ESA Consultation: Approval (Subject to ESA Consultation) on 6/25/21
